Forecast for Monday 14 Aug 2023

Weather: A cloudy day with long periods of frequently heavy rain. Rain may ease for a while with perhaps the odd cloud break during the afternoon, but heavy and perhaps thundery showers may then develop. Turning drier through the evening evening.

Chance of cloud-free hill tops above 600m: 20% improving to 70% by late-evening.

Low Cloud and visibility: Extensive low cloud, base 300-500 metres, during much of the day, breaking as rain clears during the evening. Visibility often poor or very poor in rain and low cloud covering the hills.
